### NEXT U. S. SENATOR.

#### COMPLIMENTS FOR GOVERNOR M'CREEARY.

The Anderson News had a complimentary editorial on Governor McCreary from which we take the following:

"He is a progressive Democrat in all the word implies, because seven progressive planks in the Democratic platform were advocated by him before and after his nomination and afterwards enacted into law and signed by him as Governor of the grand old State of Kentucky, which twice had honored him as its Chief Executive, with commissions from the people by the largest majorities ever accorded a Democrat in thirty-seven years. He will continue to keep the Democratic party cemented in Kentucky and not be the cause of discord and dissension in its ranks. He has caused a new era in the affairs of Kentucky in advancing and enacting into law progressive policies. Under his administration to affairs in the state it has been proven already there is a brighter hope and the dawn of a new day for our people and gladness and happiness abides in every Kentucky home. He loves Kentucky and its people and Kentucky loves to honor him."

"In his public career of over forty years his opponents have scanned his public record from A to Z, but not a stain upon its escutcheon has been found in those honored years, but to-day a poorer man in means, because of his unwavering devotion to the principles as enunciated and promulgated by Thomas Jefferson in advancing the party's welfare, to which he gave allegiance most forty years ago."

"When he was a Representative of the Kentucky Legislature he was a model Representative; when he was Speaker of the Lower House of Representatives of Kentucky, he was a model Speaker; when he was Governor, he was a model Governor; when he was Congressman from this district for six terms he was a model Congressman; when he was sent to Bussels to the Monetary Conference, representing the United States, he made a model Commissioner; when he was United States Senator in our American Congress he was a model Senator, and to-day for the second term he is serving Kentucky and its people as its progressive and model Governor. His name will be written in the greatest deliberative body in the world as the successor of United States Senator, William O'Connell Bradley as sure as fate."

### POSTPONED MEETING OF THE WOMEN'S LITERARY CLUB.

A short session of the Women's Literary Club was held last Friday, the 6th, at which several matters of business were decided. Among these was the change of the time of meeting from Friday to Monday, the former having proved to be an unsatisfactory day.

It was further decided to have no more meetings until Monday, Dec. 30th, at which time other important matters of business will be discussed, and therefore a full attendance is most earnestly requested. The literary part of the program for that day will be a short discussion of current events followed by a study of the life of Alfred Tennyson, and each member is asked to give a quotation from his poems.

Thus far the work of the club has been confined to the study of literature, but the program for the coming year has added other things of so varied a nature as is sure to interest every member. Let us have a large attendance at our next meeting, and all begin the new lessons together. We who have attended the meetings have discovered that in order to do so it has required some self-sacrifice, for we are all busy housekeepers; but we believe that we have been fully repaid by the pleasure and benefit we have received from the work we have done.

DON'T forget the day and the place, Monday, Dec. 30th, in Room 4 of the College.

### Dr. Hartman Says:

Write to Peruna Testimonials If You Want to Know the Truth.

The following letter was received by Dr. Hartman through his regular correspondence:

"I notice the testimonial of Mrs. Alice Bogle, which you give in your last article. If I should write her do you suppose she would give me further particulars? I have heard it said many times that such testimonials are false; that they are either absolutely fictitious or else the people have been hired to write them. I have been obliged to write you a great many times but those stories about patent medicine advertisements have discouraged me from doing so. I am afflicted with catarrh and should like very much to find a remedy such as your article describes."

To the above letter Dr. Hartman made the following reply:

"My dear Madam—I do not wonder that you are confused and have lost all faith in advertised remedies. There has been so much said against them, so much controversy concerning them, I am not surprised that some people have lost confidence in them."

I wish you would write Mrs. Bogle, as one woman to another. I wish you would ask her whether she has been obliged to write you a testimonial, whether her testimonial represents the truth."

I hope you will remember that she is a housewife, like yourself, that she has something to do besides write letters, that she is a woman of moderate means and cannot afford to write these letters and pay her own postage. I hope you will enclose stamp so she can answer you without loss to herself. Mrs. Bogle is a very estimable lady and no doubt you will both profit by being acquainted with each other."

Should you conclude to try Peruna for your catarrh I would be very glad to hear of the result. I can assure you that no use will be made of your letter, except by your written consent. Mrs. Bogle very kindly consented to have me use her letter, which is my reason for doing so, and you will be treated exactly as she has been. People recover from chronic catarrh who take Peruna. There is no doubt about that. Some surprising recoveries are reported almost daily. I have thousands of them in my files. PERUNA IS FOR SALE AT ALL DRUG STORES. SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would we say this formula is now put out under the name of KATARRH-NOL, manufactured by KATARRH-NOL COMPANY, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.
